Thesis Title	The Economical Activity In The Far Magherb During The Centuries 3 <sup>rd</sup> -5 <sup>th</sup> A.H		
Year	2004		
Abstract	<p>It is knoww to the researchers that studying the economical his history in its different aspects especially commercial activity reveals for us the levels of development happening in the structure of the Islamic Arabic society and the potential reasons it is also known that such study is considered as a distinct approach in other historical studies all of which meet tin highting the features of our Islamic Arabic civilization .</p> <p>Studying the commercial activity in magherb states in general and the far magherb in specific in their sera of the Islamic flourishing is still suffering a clear lack in exception to what some serious economical studies have introduced of subjects and chapters concerning commercial activity</p>
