Abstract	<p style="text-align: center;">Model Distribution of Kindergartens in Baghdad Social and Economic Aspect</p> <p style="text-align: center;">-----</p> <p style="text-align: center;">1-3- The Importance of the Research:</p> <p style="text-align: center;">-----</p> <p>The stage of Kindergarten is one of the important Educational Stage ., Since it is the foundation for all the other Educational stages that follow. Its importance comes from its relation to the early childhood, especially the third, fourth and fifth years of the child's age. The stages is considered to be the building stage of the child's all around personality. The basic development of his physical, mental, social and spiritual character. The child at this stage is weak and dependant and he needs, continuous care and help to fulfill his basic demands and in its time; and to satisfy his need for love kindness in his sense of belonging to the group. he also has the need to be free to express himself and to feel peace and security, he needs also to have social control to be advised directed to solve his problems.</p>
