Thesis Title	Social Adaptation and its Relationship with the Educational Achievement of Female Hostel Students (Al-Jadiriyya Campus/Baghdad University)		
Year	٢٠٠٨		
Abstract	<p>The present study is an attempt at exploring the relationship between social adaptation and educational achievement via identifying social variables. It consists of eight chapters, as follows. Chapter One is devoted to the discussion of the following points: aims, value, limits, and terminology of the study, e.g. social adaptation, personal adaptation, educational achievement and attainment.</p> <p>Chapter Two is a review of related literature, focusing on previous studies, Iraqi, Arabic and foreign literature about topics of a nature similar to ours.</p> <p>Chapter Three handles the social theory applied to the present research with special reference to types of social adaptation.</p> <p>Chapter Four accounts for the circumstances affecting social adaptation and educational achievement.</p> <p>Chapter Five discusses the methodology adopted in carrying out the research.</p> <p>Chapter Six describes the basic data about the samples of the study: social, educational and economic data.</p> <p>Chapter Seven offers a discussion of the relationship between social adaptation and educational achievement.</p> <p>The last chapter presents the findings, recommendations and suggestions of the study.</p>
