Thesis Title	The Literature of the Computer Science Staff in Iraqi Universities: An Analytical Study		
Year	٢٠٠٦		
Abstract	<p style="text-align: center;">Abstract</p> <p>This study aims at exploring the real status of the valuable literature of computer science achieved by staff of Iraqi universities in the field of computing science and its analysis for the period of (1994-2004). The writer has done a thorough survey in various libraries and institutions concerned using many methods and bibliographies.</p> <p>A questionnaire was also conducted by the researcher on a sample of (101) staff working in Iraqi universities. After collecting data including all forms of references (articles, conference research papers, books, and academic theses) written both in Arabic and English, These are analyzed based on forms, subjects, time, language and composing (single or co-author), as well as sex of writers (male or female) and the writers of most productions, recognizing its features, drawbacks and obstacles faces, as</p>
